

### The Watcher on the Tower.

The stranger journeying on the South African veldt will see almost anywhere a little sentinel on a small tower, evidently watching with great curiosity every movement of the passerby. That little sentinel is the minkat. Whether this little animal lives near the ant hill because it wants to use it as a spying tower is unknown, but the minkat is never far from one. The minkat is easily tamed, but is a source of great trouble to its unhappy possessor. No animal in the world for its size can eat like a minkat, nor can any other living thing be so much in one's way. It is a very tough little customer and is very cute. Often a dog overtakes and gives it what he fancies is the coup de grace, but as soon as the dog departs the little watcher goes on his way as if nothing had happened.

### To Mothers in This Town.

Children who are delicate, feverish and cross will get immediate relief from Mother Gray's Sweet Powders for children. They cleanse the stomach, act on the liver, making a sickly child strong and healthy. A certain cure for worms. Sold by all druggists, 25c sample free. Address Allen S. Olmsted, LeRoy, N. Y.

### Indignities to a Statue.

The equestrian statue of the Prince of Orange on College Green, Dublin, has literally withstood the storms of centuries. The statue has had many an escape from destruction. On one occasion a fervent patriot was found astride the steed calmly cutting off the head with a saw. Later still, in the last century, the statue was blown up with gunpowder. On that occasion the late Ralph Bernal Osborne (so the story goes) sent an urgent message to Sir Philip Crampton, a leading Dublin surgeon, to attend "a titled gentleman" who had been thrown from his horse in College Green and badly hurt. During a strike of police in Dublin the effigy was crowned with a battered tin can.

Scrub yourself daily, and you're not clean inside. Clean inside means clean stomach, bowels, blood, liver, clean, healthy tissue in every organ. Moral: Take Hollister's Rocky Mountain Tea, 35c Tea or Tablets.

### Praying to Be Let Out.

In a Connecticut village there is a clergyman noted not more for his erudition than for the length of his sermons. A New Yorker who was a native of the village, happening to be there over Sunday, started to church to hear the noted divine. Being, as he feared, a little late, he paused outside and asked of the old sexton if the services had been holding long.

"Indeed, yes; more'n an hour the doctor has been preaching. The congregation are praying now to be let out."—New York Times.

### WARNING.

If you have kidney and bladder trouble and do not use Foley's Kidney Cure, you will have only yourself to blame for results, as it positively cures all forms of kidney and bladder diseases.

### Teaching the Parrot.

Owners of these interesting birds must remember that if they wish them to talk well the best time to teach them is in the evening with the cage covered over and placed in a dark room and the teacher enunciating the words slowly and distinctly and persistently. The natives of India consider that a slight operation upon the bird's tongue is necessary before it will speak easily. —London Express.

### TEN YEARS IN BED.

"For ten years I was confined to my bed with disease of my kidneys," writes R. A. Gray, J. P., of Oakville, Ind. It was so severe that I could not move part of the time. I consulted the very best medical skill available, but could get no relief until Foley's Kidney Cure was recommended to me. It has been a God-send to me."

The Tammany society of New York was organized in the spring of 1780 by William Mooney, one of the leaders of the "Liberty Boys." On the 12th of May of the same year Mooney was installed as its first grand sachem. The society took its name from a noted Indian chief named Tamanend.

The pleasant purgative effect experienced by all who use Chamberlain's Stomach and Liver Tablets, and the healthy condition of the body and mind which they create makes one feel joyful. Price, 25 cents. Sample free at Pickens Drug Co.

### Meant For Encouragement.

As a patroness of struggling and discouraged artists and musicians Mrs. Follen was not markedly successful, although she had plenty of money and a warm heart and was interested in art and artists.

"I've brought some of my sketches to show you," said one poor young man whom she had asked to call upon her, "but I do not feel satisfied with them. They are not as good in some ways as the work I did a year ago."

"Nonsense!" cried Mrs. Follen, with round cheerfulness, patting him on the shoulder. "You paint just as well as you did last year—as well as you ever have. Your taste's improving—that's all!"—Youth's Companion.

### A Quaint Theory.

A quaint theory is that of a French mystic who holds that the four points of the compass have an influence on human health and well being. Traveling west, asserts this authority, induces melancholy; traveling eastward brings cheerfulness, southward languor and irritability and northward calmness. It is a question of electrical currents, and the influence is felt not only when traveling, but also when at home. The best posture for working is to face either north or east, says the Frenchman. In these positions you receive positive waves of electricity, the negative currents coming from the other two points, south and west. Even the sleep is improved, it seems. If the foot of the bed be turned to the north or the east. To sleep in the contrary position induces nightmare and general uneasiness.

A cold is much more easily cured when the bowels are opened. Kennedy's Laxative Honey and Tar opens the bowels and drives the cold out of the system in young or old. Sold by Pickens Drug Co.

The cod fisheries of Newfoundland have been followed for nearly 400 years. They greatly exceed those of any other country in the world.

### Men Past Sixty in Danger.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of the prostate glands. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rockport, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old."

Teak is supposed to be the most imperishable of woods. It contains an essential oil that safeguards it against the attack of insects and the changes of temperature as well as against moisture. Teak is much used for piling and the sills in house building; also in the construction of railway carriages.

### CURE ALL SKIN TROUBLES.

Sulphur the Accepted Remedy for a Hundred Years.

Sulphur is one of the greatest remedies nature ever gave to man. Every physician knows that it cures skin and blood troubles. Hancock's Liquid Sulphur enables you to get the full benefit in the most convenient form. Don't take Sulphur tablets or wafers or powdered sulphur in molasses. Hancock's liquid sulphur is pleasant to take and perfect in its action. All druggists sell it.

A well known citizen of Danville, Pa., writes: "I have had an aggravated case of Eczema for over 25 years. I have used seven 50-cent bottles of the Liquid and one jar of your Hancock's Liquid Sulphur Ointment, and now I feel as though I had a brand new pair of hands. It has cured me and I am certain it will cure any one if they persist in using Hancock's Liquid Sulphur according to directions."—Butler Edgar.

### A Pastoral.

It was a beautiful night. The gentle zephyrs of the evening played musically amid the silky leaves of the turnip trees and the onion bushes and wafted from across the distant fields the delicate fragrance of the growing cabbages and the faroff odor of the bean trees.

"Betsy," he cooed as they sat on the rickety wooden fence surrounding Mrs. Milligan's pigsty, "Ow bee-a-utiful is lub! Jes' think ov it, Betsy. Wen we are married we'll have a pig all on our own, all to ourselves."

"Willyum," she whispered resentfully, "why should we want ter buy a pig? I shan't want ter buy a pig when I've got yew!"

Then all was silent once more except that the gentle zephyrs still played amid the fronds of the cabbage bushes and the silver throated frog still sang from the roof.—Reynolds' Newspaper.

### ENDORSED BY THE COUNTY.

The popular remedy in Osego county and the best friend of my family," writes Wm. M. Dietz, editor and publisher of the Osego Journal, Gilbertsville, N. Y., "is Dr. King's New Discovery. ### Justifiable Indignation.

One evening John Scott (Lord Eldon) had been sipping rather too freely of the convivial bowl with a friend in Edinburgh, and upon emerging into the air his intellect became considerably confused. Not being able to distinguish objects with any degree of certainty he felt himself quite capable of losing his way to his own home. While in this perplexity he saw some one coming toward him whom he asked, "D'ye ken whaur John Scott bides?"

"Whaur's the use of your speering that question? You're John Scott himself!"

"I ken that," answered John indignantly, "but it's no himsel' that's wanted—it's his house."

### Nature of Aerolites.

It is thought by those who have specially studied the subject that a ring of aerolites revolves around the sun, portions of it very thickly studded with them, while in other portions they are only sparsely scattered. Every year the earth's orbit cuts through this ring and comes in contact with the aerolites. Another theory, not necessarily in conflict with the one just given, is that meteors are either remnants of the original material of the solar system or portions of the greater swarms of which all space is full.—New York American.

### The Limit of Life.

The most eminent medical scientists are unanimous in the conclusion that the generally accepted limitation of human life is many years below the attainment possible with the advanced knowledge of which the race is now possessed. The critical period that determines its duration seems to be between 50 and 60; the proper care of the body during this decade cannot be too strongly urged; carelessness then being fatal to longevity. Nature's best helper after 50 years is Electric Bitters, the scientific tonic medicine that revitalizes every organ of the body. Guaranteed by the Pickens Drug Co. Druggists, 50c.

### Head Down.

The habit of walking "head down" seems to be growing upon us. I cannot help noticing that a vast majority of men are gazing blankly at the pavement as they proceed. Are they immersed in thought? Are they weak in the neck? Are their hats too heavy? Do they try to avoid acquaintances? Are they endeavoring to make an impression that they are working out some giant problem? Is there anything pretty in the pavement? Are their shoes attractive? Are they ashamed to lift their eyes, throw out their chests and look the world in the face? How many men do you know who sit erect in a public conveyance, eyes on the level, head well poised on a straight neck?—New York Press.

### "REGULAR AS THE SUN"

is an expression as old as the race. No doubt the rising and setting of the sun is the most regular performance in the universe, unless it is the action of the liver and bowels when regulated with Dr. King's New Life Pills. Guaranteed by the Pickens Drug Co. Druggists, 25c.

### Did He?

A young man who was prevented from making his usual evening call sent his adored one the following note: "Tis said that absence conquers love. But, oh, believe it not! I've tried in vain its power to prove. And thou art not forgot."

The heartless young woman returned it with all the romance removed by writing across the back, "Ah, splutter!"—Kansas City Star.

### REMEDY FOR DIARRHOEA NEVER KNOWN TO FAIL.

"I want to say a few words for Chamberlain's Colic, Cholera and Diarrhoea Remedy. I have used this preparation in my family for the past five years and have recommended it to a number of people in York county and have never known it to fail to effect a cure in any instance. I felt that I cannot say too much for the best medicine of the kind in the world."—S. Jamison, Spring Grove, York county, Pa. This remedy is for sale by the Pickens Drug Co.

The Greek athlete of the golden age trained on new cheese, dried figs, boiled grain, milk and warm water. He ate no meat whatever.

A woman worries until she gets wrinkles, then worries because she has them. If she takes Hollister's Rocky Mountain Tea she would have neither. Bright, smiling face follows its use. 35c Tea or Tablets.

### Ought to Know How.

The animal trainer being sick, his wife reported for duty in his stead.

"Have you ever had any experience in this line?" asked the owner of the menagerie, with some doubt.

"Not just exactly in this line," she said, "but my husband manages the beasts all right, doesn't he?"

"He certainly does."

"Well, you ought to see how easy I can manage him!"—London Opinion.

### HAD AN AWFUL TIME.

But Chamberlain's Colic, Cholera and Diarrhoea Remedy Cured Him.

It is with pleasure that I give you this unsolicited testimonial. About a year ago when I had a case of the measles I got caught out in a hard rain and the measles settled in my stomach and bowels. I had an awful time and had not been for the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy, I could not have possibly lived but a few hours longer, but thanks to this remedy I am now strong and well. I have written the above through simple gratitude and I shall always speak a good word for this remedy.—Sam H. Gwin, Concord, Ga. For sale by Pickens Drug Co.

"What nonsense all this is about men getting on their knees when they propose," said Mrs. Parslow to her dear friend. "My husband didn't do any such absurd thing when he asked me to marry him."

"He did when he proposed to me," said the dear friend without thinking.

### About Surnames.

A curious custom which was prevalent in England, even as late as the seventeenth century, gave rise to a number of surnames. It was the custom of wearing patches on the face which originated with the ladies of the court, who wore plasters cut in the shape of crescents, stars, circles, diamonds, hearts, crosses, etc.; hence the word "court plaster." Some went so far as to patch their faces with a coach and four, a ship in full sail, a chateau and many such things. From this curious circumstance came the names Cross, Ship, Coulter, Castle, Trump, Shear, Cloak, Suckles, Vane, Flagg, Crow and Crabbe and many others of equal significance.—Chicago News.

### Eczema.

For the good of those suffering with eczema or other such trouble, I wish to say, my wife had something of that kind and after using the doctors' remedies for some time concluded to try Chamberlain's Salve, and it proved to be better than any thing she had tried. For sale by Pickens Drug Co.

### They Shelved Browning.

Douglas Jerrold was convalescing from an illness when he read Browning's "Sordello." Not a consecutive idea could he get from that mystic production. It struck him that he had lost his reason during his illness. He thrust the volume into his wife's hand. After several attempts to make any sense out of the first page she returned it, saying: "Bother the gibberish! I don't understand a word of it."

Donald came running home, saying: "Over at Mrs. Pond's they have nine dogs. Some of them are full blooded and some are not. The full blooded ones cost 50 cents and the others a quarter. Please, mother, can't I buy one of the empty blooded ones?"—St. Louis Republic.

### "Everybody Should Know"

says G. C. Hays, a prominent business man of Bluff, Mo., that Backlen's Arnica is the quickest and surest healing salve ever applied to a sore, burn or wound or to a case of Piles. I've used it and know what I'm talking about." Guaranteed by the Pickens Drug Co. Druggists, 25c.

### What Did He Mean?

She lives on Emerson street; he lives a few blocks farther east. She had a birthday recently, and he gave her a fine hand mirror as a present. She was delighted.

"I'm glad you like it," he said. "Think of me once in awhile when you use it, will you?"

"Yes, indeed," she replied. "I'll think of you every time I use it."

"Oh," he said, "you don't have to think of me all the time."

Somewhat or other she didn't quite like that reply.—Denver Post.

Chamberlain's Colic, Cholera and Diarrhoea Remedy Better than Three Doctors.

"Three years ago we had three doctors with our little boy and everything they could do seemed to be in vain. At last when all hope seemed to be gone we began using Chamberlain's colic cholera and Diarrhoea Remedy and in a few hours he began to improve. Today he is as healthy a child as parents could wish for."—Mrs. B. J. Johnston, Linton, Miss. For sale by Pickens Drug Co.
